---

### MANCHESTER CAMERATA

Manchester Camerata has a reputation for bringing audiences first-class performances that are bursting with vitality. The orchestra has attracted international musicians to the city of Manchester and thanks to the generosity of Jonathan Moulds, former President of Bank of America Merrill Lynch's European business, Camerata's Leader, Adi Brett, plays one of the extremely rare Guadagnini violins from his collection – only a handful of orchestras in the world are privileged enough to have this opportunity.

The great Hungarian musician, Gábor Takács-Nagy, is now in his fourth term as Music Director at Manchester Camerata. His limitless musical imagination and emotional depth combines with the energy of the Camerata musicians to bring audiences performances that are brimming with vibrancy.

**We'd like to thank all the generous organisations and individuals who gave their time and/or money to support what we do, and as we plan for the future, we invite you to join our journey and give your support.**
